HIGH 5: This month was reason to celebrate for Tianna when she successfully completed her laps for the lifeguard so that she could venture into the deeper waters during Free Time at swimming lessons. Congratulations also goes out to our big boy, Ethan, for not getting homesick when he went on his Geography camping trip. We're so proud of him! Finally, HUGE HUGS for Mrs. Meads & Mrs. Gorman for their incredible love, support & dedication to our kids!
