

# June

The end of school is fast approaching as we finish up another successful school year at Omega. Students recently attended the art show and were able to show case their art and see other student's pieces within the division. After the art show we headed to Stonewall Quarry Park. Students enjoyed exploring the nature trails, indulging their feet in cool water and racing down the giant hill

Students are also preparing for the BIG field trip on June 20<sup>th</sup>! We will start our day off with a tour of the Human Rights Museum, then head to Kildonan Park for lunch, then make our way to Grand Prix Amusements for go-kart racing, bumper boats and much more and then end the day at Birds Hill Park for supper. It will be a long but entertaining day!

Grad will take place this year on June 22<sup>nd</sup>. We have four graduates this year. The ceremony will begin at approximately 1:15p.m. We look forward to seeing everyone there. To follow the ceremony will be our annual picnic. We will have a variety of games and activities for the afternoon and our annual water fight! Students will be reminded not throw water anyone who asks not to. Hopefully you will be safe!

Lastly, I would like to thank the multiple colony members who have helped make the school a success. The school is starting to take shape and look like a much brighter and inviting building. The students and staff both appreciate the contributions made to the building. We will continue to make the school a wonderful place. Have a safe and warm summer!
