

Prairie Blossom School February News

We love to read and we love our school!

During the month we read our favourite books about love, caring and kindness as well as many, many other new and old favourites. We read to ourselves, to our friends, to our class and even had some guest readers!

We also celebrated Valentine's Day and 100 Day with some good books, fun activities and tasty snacks! As a school, we came up with 100 reasons why we love our school and created a bulletin board in our front hallway to display the reasons.

We also love skating and were luck enough to go to the Balmoral Rec Centre for an afternoon of skating, hockey and curling.
