

This month at Prairie Blossom School, the weather may be cold and windy but the plants are growing! The greenhouse is off to a good start as everyone participated in planting and watering the plants. We hope that we will soon have the chance to move them all to the warm and sunny greenhouse.

We are looking forward to a few special guests in the near future. Mrs. Crockatt will be coming to work with the students in creating a special gift. Scientists in the classroom will be here on May 9 to share their love of science with our students.

The students have all chosen the piece of art they are most proud of to send to the Divisional Art Show in May.

Our annual Mother's Day Tea will be held on Friday May 12th at 1:30.
