INTRODUCTION

The information found in this Student Handbook is intended to answer questions that you may have about Warren Elementary School. Enclosed is a brief summary of policies, programs, activities and services available at the school. This handbook is intended to provide both parents and students with an understanding of how our school operates.

SCHOOL PHILOSOPHY

Warren Elementary School develops responsible citizens by providing quality programs in a positive environment.

Respect is important at Warren Elementary School. Teachers along with their students will develop classroom rules and classroom Respect Agreements. The Respect Agreements are signed by the student, teacher and the Principal. Our Respect Agreements are used to help guide our students and staff when dealing with discipline issues.

Our Respect Agreements allow all students the best opportunity to learn in a safe and caring environment.

Guidelines for Respectful Behaviour

1. Include Others
1. Respect School Property
2. Listen and Respond Politely
3. Respect others ideas and beliefs
4. Encourage and Support One Another
5. Strive for Greatness

WARREN ELEMENTARY SCHOOL DISCIPLINE POLICY CONSEQUENCES OF INAPPROPRIATE OR UNACCEPTABLE BEHAVIOR

Warren Elementary School is proud of the fact that our students are well behaved and cooperative and as a result we celebrate their behaviour and cooperation through many activities throughout the school year. Our RESPECT teams allow our school to work together to earn school wide celebrations that celebrate our safe and caring learning environment. Students who choose to act disrespectfully may miss out on parts of or the entire celebrations.

In order to keep our school a safe and positive environment for learning, consequences for inappropriate behaviours are necessary. The classroom teacher deals with the bulk of day-to-day classroom problems. Noon hour supervisors bring any serious concerns i.e.: fighting, swearing, etc., to the principal or on-call teacher. The principal is involved in serious behaviour problems. These events are documented for future reference. Consequences of future problems are outlined to the parents and students. Depending on the exact nature of the problem, some of the issues that arise may be dealt with by our school's guidance counsellor.

Restitution: Whenever possible it is our goal to use behavioural issues as learning opportunities. When a child makes a mistake we focus on “Fixing it” which allows them to restore their relationship with the school and their peers. Students will be asked for a way to “make it better” which focuses on the positive restorative outcome. Our goal is that students learn from mistakes, accept responsibility and then do something to make the school a better place.

Detention: Students may be assigned a detention during school or at the end of day for class disruption, rudeness, incomplete assignments or any other reasonable cause. In detentions students may be asked to complete unfinished assignments or to work on a consequence related to their inappropriate behaviour (research bullying, making up rules for games etc). These detentions and other inappropriate or unacceptable behaviours will be documented in the office.

Classroom Suspension: A classroom teacher may suspend a student from their class for up to 2 days for inappropriate behaviours. Parents will be notified by the school if this occurs.

In-School Suspension: In-school suspensions may be issued to students who act in a manner too serious for detention. Parents will be notified, by the principal or acting principal, when in-school suspensions are issued.

Out-of-School Suspension: Students who engage in behaviours that are harmful to the welfare of the school or the welfare of other students (such as persistent disruption, smoking, fighting, etc.) may be suspended from school for a period of time (not to exceed 5 days). Such behaviours may include persistent disruptions, insubordination, smoking and/or fighting. In such situations, parents will be notified by the principal or acting principal.

The Superintendent’s department has the right to suspend a student for a longer period of time. At the end of the suspension, the student’s parents will be asked to bring their child back to school. At this time, the behaviour that will be expected from the student in the future will be discussed and agreed upon, together with the consequences for any future misbehaviour.

DISCIPLINE GUIDELINES

1. Incidents will be recorded by the principal Records of discipline incidents, telephone conversations and emails will be in the student incident file in the office.
2. If the problem continues, there will be a conference with the student, teacher(s), parent or guardian, principal, guidance teacher and/or the school psychologist. From this point on an individual plan will be devised.
3. Creation of this plan may involve the school’s guidance teacher, classroom teacher or resource teacher.

4. The principal will immediately deal with any severe or violent act. Parents will be contacted immediately.
5. Teachers, teaching assistants or any other staff member on supervision will report any major problems with students to the *homeroom-teacher*. The problem will be written up, by the supervising staff member, and submitted to the office.

SCHOOL PROCEDURES

ACCIDENT PROCEDURES

Any child who receives a minor scrape, cut, or bruise, will be attended to by our staff. A phone call home from the school may occur depending on the severity of the problem. Should a child receive a more serious injury, the following procedure is followed:
