

Hello everyone,

This has been an exciting month at WES. With our goal setting night behind us our students are busy learning and working towards their individual learning goals. Reports for the first term go home on November 30th and hopefully the goals you set with our teachers and your child have been met with success. Our Parent portal will close on November 16th until November 30th while classroom teachers prepare our students reports. The teaching staff at WES have organized the Terry Fox Run, Cross Country Running, and Volleyball which started three weeks ago and we thank them for their efforts.

Our 7/8 Girls recently won at a tournament in Gimli, Congratulations girls! Our Grades 5 and 6 Students have been attending swimming lessons at the Selkirk pool and have been really enjoying the experience.

We also hosted a rock concert last week where we had "Bold as Lions" perform for our grade 5-8 students

and guests from Brandt Argyle, Woodlands, Stony Mountain, and Gross Isle. The bands message was aimed at positive thinking and doing your best! It was fantastic!

We held our annual Halloween assembly, parade and dance yesterday which our students really enjoyed. Our grade 4 classroom had a special guest "James Duncan" who talked to them about Owls and their habitat as part of their Science program.

This year we have added additional supports to every classroom from K-8 for guided reading. Our hope is that with this additional support we will be able to help all of our student's become more fluent readers and to develop their comprehension. Looking at a comparison of our literacy data from before summer and after I noticed that many students lost some of their reading skills during the break. This can be mitigated by periodic home reading and we will be offering books for loan during the Christmas break to help with this. We have also noticed that students who do their home reading daily tend to learn how to read with ease, so please take some time each day to read with your children.

Thank you,
Chris Gamble
